

# CBR Labs LLC – Capability Statement

**Mission:** *Delivering secure, Sensitive Compartmented Information Facility (SCIF)-ready iPads and electronics engineered to meet the strictest compliance standards for government, defense, and corporate clients.*

## Company Overview

CBR Labs LLC is a small business specializing in secure hardware modification of Apple iPads and related electronics. Our solutions support sensitive environments where security and compliance cannot be compromised.

## Core Competencies

- Hardware redaction of iPads (removal of cameras, microphones, Wi-Fi, Bluetooth)
- Secure device modification tailored for classified and restricted facilities
- Engineering teardown, analysis, and compliance-focused customization
- Demonstration-ready neutered iPads available upon request

## Differentiators

- **SCIF-Ready Solutions** – Devices modified to meet sensitive facility standards
- **Agile & Cost-Effective** – Small business responsiveness with competitive pricing
- **Engineering Expertise** – Hands-on modification of multiple iPad generations
- **Demonstration Devices** – Ready-to-show neutered iPads for proof of capability

## Security & Compliance Focus

CBR Labs ensures all modifications are designed with security and compliance as the highest priority. Our work supports Sensitive Compartmented Information Facility (SCIF) requirements and other mission-critical environments where assurance is non-negotiable.

## Clients & Markets Served

- Government agencies
- Defense contractors
- Corporate security teams
- Restricted facilities requiring SCIF-compliance

## Why Choose CBR Labs?

- Proven expertise in secure hardware redaction
- Rapid turnaround times
- Cost-effective, small-business flexibility
- SCIF and compliance-focused engineering
